

Dance Saskatchewan Inc. COVID-19 Assistance Fund

Funding Purpose

Dance Saskatchewan is administering a COVID-19 Member Funding Assistance Program for DSI members. These grants are intended to help members respond to pressures caused by COVID-19 and continue as much as possible with their programming or services.

For example, a studio may need some help to purchase new cleaning and sanitation supplies, masks for teachers, and students, and perhaps some software to take some classes online.

Other uses for the funds will be considered, as long as the funds are focused on helping your organization continue to operate during this pandemic.

Use of Funds

Funding is intended to support members in:

- adapting their business to accommodate new requirements,
- offering new products or services, and/or
- adapting their systems/programs/services/administration/governance.

Funding Amounts Available

Funding of up to \$200.00 will be provided to members in good standing of Dance Saskatchewan Inc. No final report will be required.

Applications

A memo, maximum one-page, outlining the pressures you are experiencing due to COVID-19 and how you will spend the money in compliance with the intent of the program.

The office will receive applications from January 4, 2021 forward. Applications will be reviewed for eligibility and adherence at the office and brought to the Board for authorization. Depending on the volume of applications we aim to provide the funds within 14 days of receiving your application.

Please e-mail completed applications to: *office@dancesask.com*
